## GUIDANCE DEPARTMENT

### NAVIANCE SUCCEED

At Mother Seton Regional High School each student and her family is linked to a **NAVIANCE SUCCEED** account. This is a software package that links students with their parents and guidance counselors.

#### **Accelerate student success with NAVIANCE SUCCEED .**

Every student should graduate career and college ready. **NAVIANCE SUCCEED** is an innovative, high-impact solution that becomes part of the fabric of the school - linking students and their success coaches in pursuit of shared goals.

**NAVIANCE SUCCEED** promotes college and career readiness through increased collaboration, rigor and transparency. It is a comprehensive online solution designed to achieve the desired outcomes while measuring progress against milestones.

**NAVIANCE SUCCEED** is a *student* system. Students are the center of the **NAVIANCE SUCCEED** system with access, processing and reporting functions for the critical stakeholders (e.g., parents, school leaders, peers and counselors) that make-up the student's support network.

**NAVIANCE SUCCEED** integrates tools for planning across four critical areas into a single powerful solution. These four functional areas are combined with robust analytics, powerful communication tools and a student/family portal to give you the ability to raise accountability and performance across a number of key indicators leading to increased engagement, improvements in academic performance and overall workplace and college readiness.

#### **Success Planning**

With **NAVIANCE SUCCEED** Success Planning tools, your school or district has the opportunity to customize the career and college readiness experience by school, grade-level, groups and even individual students.

#### **Career Planning**

Inspire your students to delve into careers they've always dreamed about or explore those they never knew existed as part of their journey to finding those that ignite their inner drive.

#### **Course Planning**

**NAVIANCE SUCCEED** provides a wide range of tools to help students develop long-range course plans that not only meet graduation requirements, but also help students realize their ultimate post-secondary goal.

#### **College Planning**

**NAVIANCE SUCCEED** creates and supports a college-going culture by encouraging all students to explore post-secondary education options. Students and parents are given valuable insight into the college admissions process.
