Additional Club Activities

Several sports, literary, forensics, and class activities are held after school on a regular basis. These activities are organized each season and posted for students. The following is also available after school:

CAMPUS MINISTRY - LOAVES AND FISHES

This club has its foundation in the Gospel story of the multiplication of the loaves and fishes where we are told that a young boy's generosity in sharing his two loaves and seven fishes led to the miraculous feeding of over 5,000 people. We will not be literally feeding people, but it is the goal of this club that we will multiply service to others by the generous sharing of our time, talents and sometimes our economic resources.

All may participate in this club. All you need to do is stop by the Campus Ministry Office and get the information needed. The club's activities are ongoing throughout the year. Faculty, staff and students are all welcome!

.....
Other activities include all sports programs and the following clubs/teams:

- Academic Challenge Team
- Mathematics League
- Science League
- Drill Team, Cheerleading
